Business: 1-917-664-8552

E-Mail: vengiun@netscape.net

Dear Sir or Madam:

Hello my name is Dzhantam T. Warren and I am web development specialist skilled in creating effective media content in and for the internet. My experience spans a period of 6 years in presentation production & graphic design and 3 years in web design. I also have 7 years experience in 2D/3D computer image generation and manipulation. I can efficiently operate animation programs such as LightWave 3D and Macromedia Flash to help create stunning moving visual effects. I work comfortably in a P.C. environment having a solid working knowledge of Microsoft Office and Adobe Design Suites, to name a few. I use my knowledge of these programs to enhance the impact of web presentations and other types of content for corporate information dissemination.

I am a born artist and a professional who focuses strongly on attention to detail and believe that this passion effectively reflects in the work I produce. I have demonstrated this for a number of corporate brands and look to do so for any institution, whether financial or graphical, who have a demand for the skills I can provide.

I believe in my ability to be a creative asset to any business and would like the opportunity to demonstrate that as a member of your team. I will be happy to present samples of my work at your request. If my qualifications satisfy your requirements, I offer my services for consideration and hope to hear from you soon, thank you.

Sincerely
Dzhantam T. Warren
